

Fortress Acoustic Curtain Sound Barrier

Order code: 04-FPS6459

A cost-effective solution for mitigating airborne noise, the Fortress Sound Barrier acoustic curtains are lightweight, easy to install, and provide noise reduction of up to 27dB!

Each panel measures 1.3m x 2m and is constructed from a layered noise dampening materials, resulting in a tough, durable acoustic barrier that is extremely effective at attenuating noise. With Velcro strips on each long side and a neat hemmed and eyeletted finish top and bottom, the panels form a solid barrier when clipped together.

Fortress Sound Barrier curtains are easy to fit to temporary fencing, hoarding, scaffolding and other construction walling. They are UV resistant, fire resistant and waterproof giving them a long life span.

Panels can also be custom printed with your brand, turning them into an effective advertising medium.
