

Fortress XT Edge Protection

BASE PRODUCT CODE 07-EPP240

BASE PRODUCT CODE 07-EPOST

PRODUCT DESCRIPTION

The Fortress Fencing XT Edge Protection Barrier is ideal for industries such as construction, excavation and crowd control areas.

The galvanized welded mesh panel is manufactured from 4mm steel wire at centers not exceeding 50mm x 50mm to comply with AS/NZS 4994.1:2009 Temporary Edge Protection. Each panel features a rectangular rolled top and triangular bottom incorporating a galvanized kick plate that helps prevent objects falling through the panel bottom.

Ideal for Temporary Fencing around:

- Excavations and worksites
- Pedestrian Barriers
- Hazard Warning
- Crowd Control
